

HOW TO MEASURE YOUR FIRE PLACE

INSTRUCTIONS:

1. Grab Your Measuring Tape
2. Head out to your fire place
3. First measure the Width of your Fire Place Box (Red Line) and write down your results below.
4. Next measure your Depth of your Fire Place Box (Blue Line) and write down your results
5. Lastly, Measure the length and width of your Fire Place Grate (Grey Box) and write down your results
7. Take a picture of your Fire Place
6. Head back to your computer and submit our Fire Place Form containing all of the information from this sheet.
8. Get ready for your free consultation!

Fireplace Diagram
